## Guangdong ESTL Technology Co., Ltd.

### Company Profile

Guangdong ESTL Technology Co., Ltd. (ESTL) is a third-party organization specializing in battery and electric bicycle certification and testing, accredited by CNAS L13753, CMA (202019014977), CQC, IECEE, UL, TÜV and other international authorities.

With advanced testing facilities and a technical team, it masters market access requirements of more than 150 countries/regions (e.g., the U.S., European countries, Japan, South Korea, Australia, etc.) to help enterprises reduce compliance risks and avoid recalls/delistings. It also provides one-stop services (testing, certification, factory assessment, training) to meet global standards, boosting brand competitiveness and consumer trust.

### Business Scope

It specializes in testing and certification for battery and electric vehicle products, providing professional one-stop services: safety, EMC, energy efficiency, reliability, physical and chemical testing, as well as agent application service.

Address: Room 101, 201-208, Unit 1, Building 1, No. 9 Headquarters 2nd Road, Songshan Lake Park, Dongguan, Guangdong Pr., China.

E-mail: net03@gtggroup.com

Phone: +86 13925598091

Website: www.gdestl.com

## Guangdong GTG Testing Technology Co., Ltd.

**ANCI**

### Company Profile

Guangdong GTG Testing Technology Co., Ltd. provides certification and testing services for power supplies, IT, AV, wireless, lighting, and appliances, holding international accreditations.

With advanced facilities and expert teams, it covers compliance standards in European countries, America, Japan, South Korea, and Australia, serving clients such as Megment and Ugreen to help them mitigate compliance risks. It also offers one-stop services (testing, certification, factory assessment, training) to help e-commerce businesses meet regulations, strengthen brands and gain consumer trust.

### Business Scope

It specializes in certification and testing for power supplies, IT, AV, wireless, lighting and household appliances, providing professional comprehensive services: global safety certification, EMC, energy efficiency testing, international certification, reliability testing, physical and chemical testing, and agent application.

Address: Building A, No.11, Headquarters 2 Road, Songshan Lake Hi-tech Industrial Development Zone, Dongguan, Guangdong Province

E-mail: net01@gtggroup.com

Phone: +86 18826804895

Website: www.anci.com

## Company Profile

Guangdong Global Testing Technology Co., Ltd. specializes in certification and testing for IT, AV, wireless communication and IoT products, with numerous authorizations from international organizations. Equipped with professional testing equipment and a technical team, it understands market access requirements in European countries, America, Japan, South Korea, Australia, etc., helping enterprises avoid compliance risks. It also offers one-stop services (testing, certification, factory inspections, training) to assist cross-border e-commerce firms in meeting standards, boosting product competitiveness and consumer trust.

## Business Scope

It specializes in certification testing for IT/AV, wireless communication, and IoT products, and offers global safety certification, EMC testing, energy efficiency evaluation, international certification, reliability testing, chemical analysis, and agency application services.

Address: Huacan Industrial Park, No.2, Keji 8 Road, Songshan Lake Park, Dongguan, Guangdong Province

# Shenzhen IPP Master Business Agency Co., Ltd.

## Company Profile

IPP MASTER is one of China's leading intellectual property (IP) compliance service providers for enterprises doing business overseas. Its one-stop intelligent IP compliance SaaS management platform was officially launched in April 2022. Adopting the "AI big data + SaaS" model, the platform comprehensively monitors and manages customer, case, time limit, and fee sectors related to trademarks, patents, and copyrights. With full-process visualization, cost transparency, simplified operations, and digital intelligence, it effectively mitigates legal risks, enabling enterprises to manage IP in a standardized, information-based, and paperless way for cost reduction and efficiency improvement. Currently, IPP MASTER cooperates with over 1,700 law firms (with more than 14 years of agency experience) across five continents and 220 countries and regions.

## Business Scope

Intellectual property services including global trademark registration, appearance design, trademark oath period monitoring, and trademark transfer, covering over 220 countries/regions with 37 million trademarks in stock.

Address: Room 603, Building 12, Shenzhen Bay Science and Technology Ecological Park, 18 South Technology Road, High-tech Community, Yuehai Street, Nanshan District, Shenzhen, Guangdong Province

## FINANCE AND PAYMENT SERVICES

---

## Company Profile

Guangzhou Helibao Payment Technology Co., Ltd. is a national high-tech enterprise specializing in third-party payment. Established in 2013, it operates as a core subsidiary of the listed company Rendon Holding. With a Payment Business License issued by the People's Bank of China, the company is authorized to engage in stored value account operations (Category I) and payment transaction processing (Category I), with nationwide coverage. It also holds qualifications for cross-border RMB business, making it the fully licensed third-party payment company in Guangzhou. Focusing on technological R&D and innovation, the company is a leading payment technology enablement platform in China. It ranks among the top in the domestic payment market in terms of transaction volume, maintaining a sustained leading position.

## Business Scope

Third-party payment services include internet payment, mobile payment, and offline bank card acquiring business.

Address: Room 3201, No. 2, Huitong 2nd Street, Hengli Town, Nansha District, Guangzhou, Guangdong Province  
Phone: +86 18520165599  
Website: [www.helipay.com](http://www.helipay.com)

Pyvio

**Pyvio 湃沃**

## Company Profile

Pyvio, a leading payment service provider with products covering three major emerging markets (Southeast Asia, Latin America, Africa), is dedicated to building global financial service infrastructure and helping global-going enterprises achieve efficient fund operations.

By cooperating with global primary clearing banks and licensed domestic institutions, it leverages fintech to empower enterprises. It offers comprehensive cross-border payment solutions (global collections & payments, acquiring, virtual cards, currency exchange) and builds a payment service ecosystem supporting Chinese brands' globalization, helping them better serve international customers and expand global business.

## Business Scope

Pyvio empowers enterprises via fintech innovation, building a one-stop cross-border payment solution covering global collection & payment, acquiring, virtual credit cards and currency exchange to help Chinese businesses expand into ASEAN, Latin America, Africa and other emerging markets.

Address: Room 2601, Building B, Baoyi Center, Ningwei Street, Xiaoshan District, Hangzhou, Zhejiang Province  
E-mail: [wanglin@pyvio.cn](mailto:wanglin@pyvio.cn)  
Phone: +86 13791079173  
Website: [www.pyvio.com](http://www.pyvio.com)

## Company Profile

Founded in London, UK, in 2004, WorldFirst is committed to providing better cross-border payment and settlement services for global SMEs and building a global fund management center for Chinese merchants.

Since joining Ant Group in 2019, it has offered more localized services to Chinese merchants. Leveraging the group's global capital network in cross-border finance, it collaborates with ecosystem partners to build a global payment network—breaking barriers, ensuring smooth cross-border fund flow worldwide, and empowering Chinese enterprises going global for steady, long-term development.

## Business Scope

It provides global collection, global payment, exchange services and ecological services for the cross-border e-commerce, cross-border B2B and digital entertainment industries.

Address: Room 1408, No. 447, Nanquan North Road, China (Shanghai) Pilot Free Trade Zone, Shanghai

# Mobei (Yunnan) Cross Border E-commerce Co., Ltd.

## Company Profile

Founded in 2021, Mobei (Yunnan) Cross-Border E-commerce Co., Ltd. is located in Hekou County's Live-streaming Cross-border E-commerce Industrial Park. As the initiating and president unit of Honghe Prefecture Cross-border E-commerce Association, it leads regional cross-border e-commerce ecosystem construction.

Its strategic layout includes: warehousing networks in Vietnam (Lao Cai, Ho Chi Minh City, Hanoi) and Laos' Mohan Special District; a business matrix covering bonded export, B2C export, B2B direct export and cross-border e-commerce export overseas warehouse; and digital infrastructure like an independent site (<https://m.muabay.shop/>) and a 2,300m<sup>2</sup> intelligent office base. It aims to build a China-ASEAN digital trade hub via a "channel + hub + network" modern cross-border service system.

## Business Scope

Internet sales (general goods, food), supply chain management, general cargo warehousing, personal internet live-streaming, international freight forwarding, and import/export (food, goods) plus fresh produce wholesale/retail.

Address: Room 601, 6th Floor, Building 7, Tianyuan International Trade City (China Vietnam City), Hekou County, Honghe Area, China (Yunnan) Pilot Free Trade Zone  
E-mail: 857776805@qq.com  
Phone: +86 13578251513  
Website: [www.muabay.shop](http://www.muabay.shop)

## Company Profile

This company, a platform under Nanjing Radio and Television Group, mainly engages in the digital construction and operation of B2B government and state-owned enterprise centralized procurement e-commerce platforms. Through intensive and professional operations, it aims to create a "Bonded Exhibition and Exchange Center - Cross-border Mall" integrating an online cross-border e-commerce platform, offline bonded new retail formats, and an immersive country-specific pavilion live-streaming base. Adhering to service philosophies like "keeping promises and delivering high-quality services" and "goal-oriented scientific advancement", it strives to build a corporate group integrating domestic and international culture and other sectors.

## Business Scope

Guangdian Yuecai Mall offers technical, supply chain and operation solutions for governments/state-owned enterprises. It uses the bonded model (20,000 m<sup>2</sup> self-operated warehouse), and has over 100,000 SKUs, and more than 500 brands, meeting government/enterprise one-stop procurement and supporting retail transformation.

Address: Floor 4, Building F8, Nanjing Chengguang 1865 Creative Industry Park, No. 1, Zhengxue Road, Qinhuai District, Nanjing, Jiangsu Province

## China Vast Logistics Co., Ltd.

### Company Profile

Founded in 2005 and restructured in 2012 to set its current brand and direction, China Vast Logistics Co., Ltd. has over half its team with 10+ years of industry experience.

Starting with ocean freight container services, it expanded into air and rail logistics. In 2016, it launched a cross-border e-commerce logistics project, now a leading name in northern China's ocean freight e-commerce. Rooted in traditional logistics and focused on innovation, it is committed to providing integrated logistics solutions and growing as a trusted industry expert.

### Business Scope

B2B logistics (port-to-port/port-to-door/DDP via sea/air/rail/truck), B2C logistics (China-to-Europe/USA/Japan/Australia solutions), and precise Amazon FBA shipping services for sellers.

Address: Room 807, Building B, YuYuan Mansion, No.75 Hong Kong West Road, Qingdao, Shandong Province  
E-mail: Hr@vastlog.com  
Phone: +86 18653251562  
Website: www.vastlog.com

## Company Profile

It was established in 2016 as a comprehensive service provider for global cross-border e-commerce supply chain. Relying on the company's rich domestic and international supply chain network resources and management experience, it can provide customers with integrated logistics supply chain services such as global freight logistics, cross-border e-commerce logistics, supply chain solutions, procurement and distribution, warehousing and logistics management, and information system technology. It has an independently developed international cross-border logistics service system, providing cross-border platforms/sellers with dedicated packages (covering Japan, European countries, the US, etc.), overseas warehouse drop shipping, and FBA first-leg & sea/air e-commerce delivery services.

## Business Scope

Supply chain management, cross-border e-commerce dedicated parcels, international freight forwarding, overseas warehouse services, domestic container transportation, international express, and NVOCC.
